- **This mirror/glass panel heater can reduce air circulation and help to maintain a clean, silent, dust free environment.**
- This heater is designed to be wall mounted.
- A wide range of panel heaters available in a huge choice of colors, sizes and styles.

2.SPECIFICATION

Heating Element:	Carbon Crystal
Applicable Voltage:	220-240V/50Hz
Surface Temperature:	70-90°C
Conversion Efficiency:	98%
Life Expectancy:	≥100,000H
Surface Material:	Toughened mirror/glass
Frame:	Frameless
Back Material:	Alu-Sheet
Over Heat Protection:	Yes
Certificates	CE, RoHS, SAA

3.STRUCTURE

- ① — Toughened mirror 6mm
- ② — Heating film
- ③ — Aluminium sheet
- ④ — Aluminium alloy hanging strips
